Thirty-nine counties entered the County Cup & BSA competitions this year in three sections A, B and C. In the County Cup we made fourth place in section B with an improved score on last year, which was our second best score for seven years. We also made fourth place in section B of the BSA Cup with an improved score, which is up on last years 2317 and again this was our second best score for seven years. I thank all those who took part for a very good effort.

*Alan*
